

The future starts on an African farm

This Harvest,
we're supporting
Ripple Effect to help
mothers like
Therese to restore
the land

 **HARVEST
APPEAL**

Therese and Deogracious,
Ripple Effect farmers, Rwanda

Event details:

Date:

Time:

Ripple Effect supports families in rural Africa to fight hunger and the climate crisis through sustainable farming training. Each farmer we work with, shares what they learn with their neighbours and communities so another three families benefit too. A ripple effect of positive change quickly spreads – reaching far beyond the farm.
